

Jennifer has a Bachelors of Fine Arts degree with a concentration on interior architecture and design. She is currently earning an Advanced Studies Certificate at Western Seminary in Women's Transformational Leadership. She has spent her career in interior architecture and design and has built solid relationships with her clients and trade partners over the past 25 years running her business. Design is her vocation, but this beautiful God-designed ministry is her calling!

Strong business, work, and personal ethic and administration skills make her a great fit for the role of Director. She is not afraid of reaching out and asking for partnerships, rolling up her sleeves no matter the task at hand, asking questions when she does not have the answers, and getting the job done. She has been a leader in women's ministry for over a decade and has a heart tuned to women and their specific needs, joys and sorrows and needs during their life-journeys.

As a mother of two children, she feels blessed beyond words. Being a mom is her highest and most fulfilling achievement and she longs to give other women who want to be mothers the same opportunities she was afforded. She is a Christ-follower, a wife of over 25 years to her wonderful husband Mike, and a woman who loves giving other women and children HOPE that life is worth living and we can live our best lives when we come together in grace.
